In view of the comments the Commission has received on the Draft Resolution E-3711 issued March 3, 2003 by the Energy Division, we are calling a workshop to discuss the extent and form of any consumer electronic billing.

We will focus on the electronic billing programs being proposed for residential and small commercial customer, and associated consumer protection measures. We will also ask for explanations of the current billing practices for direct access customers and core aggregators, and of any changes in those practices that are being considered by the public utility corporations.

Southern California Edison (Edison), Pacific Gas and Electric Company (PG&E), San Diego Gas & Electric Company (SDG&E), and Southwest Gas (Southwest) should bring proposals for implementing electronic billing, for any consumer protection measures that may be necessary or useful, and for resolving differences they may have with the recommendations set forth in Draft Resolution E-3711. Other parties may also bring proposals.

This workshop is open to all parties. If parties other than PG&E, Edison, SDG&E, and Southwest plan to attend and make proposals, they should contact Maurice Monson of the Energy Division. Please address any questions on the workshop to Maurice Monson at (415) 703-3072 or by e-mail to (mdm@cpuc.ca.gov).

5/8/03 R02-01-011 Order Instituting Rulemaking regarding the implementation of the suspension of direct access pursuant to Assembly Bill 1X and Decision 01-09-060.

Summary: On May 6, 2003, Bruce Foster, Vice President of Regulatory Operations of Southern California Edison Company (SCE), met with David Gamson, advisor to Cmmr. Brown, and Aaron Johnson, advisor to Cmmr. Lynch, in two separate meetings in San Francisco. Also present was Michael R. Hoover, Director of Regulatory Affairs, SCE. Foster expressed concern regarding the proposed decision (PD) of ALJ Pulsifer on the Switching Exemption for direct access customers. Foster stated that, at the least, customers taking advantage of the 'safe harbor' provision contained in the PD should have to pay the full incremental cost of serving them. Foster noted that the incremental cost could be substantially higher than the short-term power cost used in the PD. Foster further stated that the minimum term for returning to bundled service should be five years.
